

JOIN ATELIERS MUQUET, A LIVING HERITAGE COMPANY!

Ateliers Muquet is looking for a

Fit-out construction economist (M/F)

In collaboration with General Management, you will be responsible for estimating the costs of fit-out projects, furniture manufacturing and the production of decorative panels for exceptional spaces (retail and residential). You will be required to carefully study projects and pricing requests to ensure feasibility (calculating the quantities of materials needed to complete the project and assessing study, production and installation times, in collaboration with our teams). With support from the purchaser, you will conduct supplier consultations and estimate provisional budgets.

PROFILE

Thorough, a good communicator, curious and able to work independently, you are attentive, have a strong sense of responsibility and enjoy teamwork. With a two- or three-year higher education qualification in timber fit-out works, you have a minimum of two years' experience in fit-out works (manufacturing, studies, drawings). Beginners accepted – you will receive training and support.

INFORMATION

Permanent contract – 35 hours per week / Professional activity branch: furniture/construction
 Location: Carrières-sur-Seine (78) – West Paris – Near La Défense – Direct access via RER A
